## How Appendicitis Can Be Prevented

Milford people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler's, often relieve or prevent appendicitis. This simple mixture relieves such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. Adler's has easiest and most thorough action of anything we ever sold. Milford Pharmacy.—Adv.

## We Are Not Superstitious

On an American twenty-five-cent piece there are thirteen stars, thirteen letters in the scroll held in the eagle's beak, thirteen feather in each of the eagle's wings, thirteen tail feathers, thirteen parallel bars in the shield, thirteen horizontal bars, thirteen arrow heads, thirteen leaves on the branch, and thirteen letters in the words "quarter dollar."

But the NEWS is not at all superstitious and will gladly accept eight of these "unlucky" coins for a year's subscription. Just try us.

## Undelivered Telegram

There is an undelivered telegram at the Western Union Telegraph office for A. R. Gallum.

Work on the new post office building is progressing nicely. Contractor Burton expects to complete the finest post office in Southern Utah.

## Board Meeting Pospon

The special meeting of the T. Board, scheduled for last night, postponed until tonight in order permit the members to attend school entertainment at the H. School. At tonight's meeting it expected that the water rate question will be thoroughly gone into and measures taken toward enforcing strict regulations as to water usage, as well as adjustments of rentals. The members of the board are a unit in declaring that there must be a radical reform along these lines.

Reports from various parts of the State indicate that there has been considerable damage done by the frost in many sections. It is feared that Milford Valley has not escaped its share of loss to fruit and early vegetables.
