Have you paid your municipal water-rent yet?

It is now hixxonner "Judge" Adcock, if you please.

Why not put the hobo chaingang to work cleaning the streets and alleys?

If the NEWS will take the lead in inaugurating a "Clean-up" Day, how many of the citizens will co-operate? Let us hear from you.

If the plans of the fire department materialize, we may expect to be awakened some fine morning about 3 o'clock, by a noise resembling a cross between a boiler factory and a steamboat in distress, so do not be alarmed, gentle reader.

Tax statements are being received by county residents; if your valuation does not suit you, do not fail to appear before the County Board of Equalization and state your objections. Date of meeting of this body is May 15th.

Riding on the pavements and sidewalks on bicycles is as dangerous to pedestrians as it is unnecessary on the part of the rider. The street is the place for the bicycle.

This paper is rapidly increasing its circulation; it is making an effort to improve its appearance and make up and believes it is making progress in that direction. A publication striving to advance itself and to help its home-town to advance, should have the support of both subscriber and advertiser.

It frequently happens that matter intended for publication in the NEWS must be omitted because of delay in receiving the copy at this office. In order to be sure of publication, all copy should reach us not later than Thursday morning of each week. By complying with this request, the prompt issue of the paper is also assured.

Many a community with natural possibilities for growth and prosperity, has been delayed in its commercial progress or else reduced to stagnation by factional differences within its confines. Faction has no place on the program of the progressive town, whether such factions are engendered by social, political or religious differences. No error of political faith or ecclesiastical creed was ever corrected by narrow, bigoted opposition and abuse, and never will be. In matters concerning the welfare of a whole community the people should be in harmony and be broad enough to forget any other differences they may have, in the interest of the common good. The "get-together" spirit is a winner, every time.

The town board is to be commended for its determination to readjust water-rental conditions. At the last regular meeting, held on the 27th of last month, the board vigorously discussed this matter and it was brought out that water rates are not as equably apportioned as they might be; also that many are using free water and that in numerous instances more water is being used than is paid for. It also developed that there was a considerable sum due the city in unpaid water rentals. These conditions are wrong and the board is endeavoring to right them. There is no logical nor even plausible reason why one user should pay more or less than another for the same service. While the exact figures are not yet completed, it is estimated that by this unequal apportionment of water rentals and the loss from free and wasted water, the town stands to lose monthly an amount which would be a material help in paying the interest on the unpaid bonded indebtedness of the water plant. This condition of affairs has grown so intolerable that the board is determined to take vigorous means to correct it, and in this they should have the hearty support and co-operation of the water users, in order that all may get a square deal, both as to supply and as to the charges for same.

## Utah-Idaho Sugar Is Concentrated Nutriment

With all the proofs from food experts and evidence by practical tests, showing that sugar is one of our chief foods, mothers should use more Utah-Idaho Sugar in their home cooking.

Sometimes sugar is the only food given soldiers

for days at a time. It relieves fatigue and is one of the best fuels for the body.

It is a cheap, pure, easily digested food. It should be used liberally in every home. Order it by the sack. It's more economical to buy in this way.

### Notice

United States Land Office, Salt Lake City, Utah, March 31st, 1916.

To Whom It May Concern:—  
Notice is hereby given that the State of Utah has filed in this office lists of lands, selected by the said State under section 6 of the Act of Congress approved July 16th, 1894, as Indemnity School lands, viz: Serial 017169, NE $\frac{1}{4}$ , NE $\frac{1}{4}$ , Section 8, SW $\frac{1}{4}$ , Section 17, SW $\frac{1}{4}$ , Section 7, T. 29 S., R. 18 W., Salt Lake Meridian. Copies of said lists, so far as they relate to said tracts or subdivisions hereinafter described on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure to so protest or contest, within the time specified, will be considered sufficient evidence of the non-mineral character of the tracts and the selections thereon, being otherwise free from objection, will be approved to the State.

### A Symbol of Health

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

☞ A curiosity perhaps, but there will be more of these round barns in Utah within the next few years,---

☞ ---and more too, of good barns of all shapes and sizes.

☞ Many of us are commencing to realize that putting money into high grade improvements is simply a sound method of saving.

☞ The plans for the above barn were gotten out for one of our customers by our Service Bureau. They are on file at our yard. Call and see them.
